

PI Colonnello

Massimo Morozzi

General description:

Mirror coating and pure volume make it almost "immaterial".

Square base and large internal capacity with four movables glass shelves and wooden one. The inner parts are finished in eucaliptus veneer. It adapts to any environment, classic or contemporary, blending in and increasing the prospect thanks to its reflexes.

It can be opened with one finger. A discreet opaque circle on the shiny mirror surface points out the precise spot where a slight pressure should be applied.

Technical description:

Container with wooden frame, completely lined inside by smoked eucalyptol essence, externally covered by mirror.

Complete with 4 movables shelves in glass and wooden one.
